Greetings from the Mayor of the town of Maniago

Umberto Scarabello

In this year 2024 so full of important sporting events for the area, our community has the honor of hosting the Western Friuli Orienteering Meeting, an event of national and international importance dedicated to orienteering enthusiasts.

During the last weekend of April the C-O tests will take place (even at night) on a technically selective course, which will cross some characteristic places of the Town of Knives, including the main Piazza Italia and the gardens of Palazzo d'Attimis, as well to the natural landscape of the "Peschiere" inserted in the splendid setting of the Friulian Valleys and Dolomites.

Once again sport becomes an opportunity to show our territory as the ideal place for practicing sports, on foot or (in other events) on two wheels; the honor of being able to host so many enthusiasts from the sporting world linked to the Orienteering Race therefore represents an important promotional opportunity for our entire territory of the Friulian Valleys and Dolomites, whose peculiarities are ideal for those who love slow and relaxing tourism, capable of offer emotions, cultural and food and wine tours, also through the artisanal pride of blade production that has made us known throughout the world.

Doors open in Maniago: we are expecting numerous protagonists of the race and we are confident in a large public presence. Good luck and good fun to all the competitors and my personal best wishes and those of the entire municipal administration for achieving the best possible results.

I sincerely thank the Semiperdo Orienteering association and all the volunteers who, with their commitment, make the organization of this beautiful event possible, giving all sports enthusiasts and enthusiasts the opportunity to visit this area, fascinating in all seasons, to experience the genuine hospitality of our people and enjoy unique views and moments.

Thanks to everyone therefore: the Western Friuli Orienteering Meeting will certainly be another beautiful page of extraordinary sporting example!

Greetings from the Mayor of the town of Pinzano al Tagliamento

Emiliano De Biasio

Pinzano al Tagliamento is pleased to welcome the orienteering athletes who will spread through our territory which in this period of the year is colored with the bright colors of a lush and in some aspect uncontaminated nature.

Our Municipality aims a lot at preserving the landscapes discovered through sports. This land is shaped by rivers, streams and creeks. We are in fact in the middle course of the Tagliamento, the King of the Alpine rivers whose crystal clear waters and white gravels characterize the area. The event will take place in the village of Valeriano, the most populated in our municipality, rich in history and works of art that it would be a real shame not to visit on the sidelines of the race. The village is also characterized by the food and wine

excellences of our local producers, masterfully reinterpreted and combined by attentive and creative restaurateurs. Valeriano is also famous for its historic forest, which will be the heart of the event.

Our community strongly believes in the sports practice, which is the driving force for slow and careful tourism. Among the sports that we want to encourage there is certainly orienteering, a sustainable and complete sport that allows you to fully experience the territory crossed.

In this regard, within the Rural Development Plan projects, the Administration has requested to draw a map, according to orienteering standards, a large area at the confluence between the Arzino river and the Tagliamento river: valuable ecosystem that is articulated by modeling the narrow characteristic, which, through the famous single-arch bridge, unites the two municipalities of Pinzano al Tagliamento and Ragnona. This is another obligatory stop when you come to our area which will allow you to immerse yourself in breathtaking landscapes.

The hope, while waiting to meet us, is therefore that your event will take place in the best possible way and reward the commitment that each of you is putting in to achieve important results, including first and foremost having fun and feeling good.

See you in Valeriano, a territory to discover, a place to return to.

EVENT AMBASSADOR

CHIARA SELVA

Ambassador of the event is the cyclist Chiara Selva from the town of Maniago, leading athlete of the Spezzotto Bike Team. She was born in 1980 and started cycling at the age of 26. She placed first 4 times in the European Cyclocross Masters Championship, 35-39 (D), in 2015, 2016, 2017, 2018. She was twice World Champion of mountain cross country in the master category in 2016 and 2017 and bronze at the cyclocross World Championships in 2015 and 2016.

She currently is the Italian cyclocross champion.

GENERAL INFORMATIONS

ENTRY NEWS
